PRODUCT DESCRIPTION:

Intensive Regenerating Day and Night Cream with highly concentrated active ingredients stimulates the production of lipid components of the skin and visibly improves the lipid barrier of the epidermis.

It reduces fine wrinkles, visibly improving the firmness, tension, and tone of the skin. The extract of ginkgo biloba, vitamins, and lactobionic acid support the process of cell regeneration and stimulate the synthesis of collagen. Immediately bright and smooth skin is beautiful and glowing, and its density restores overnight. The light creamy texture is immediately absorbed by the skin. The cream is free of parabens, silicones, dyes, and fragrances. It is suitable for sensitive skin.

It contains 95% natural ingredients.

HOW TO APPLY:

Apply the cream by patting gently with your fingertips on the cleansed skin of face, neck, and décolleté. Apply in the morning and evening.

DERMATOLOGICALLY TESTED / HIGH EFFICACY AND TOLERANCE NO PARABENS, ALLERGENS, DYES
